7. (Internal Use Only - LLM) Met briefly with Congressman John R. Dellenback (R., Ore.). He commented that the breakfast meeting at the Agency had been most helpful to him and said that the answers to several questions had contributed to his stand on the Consular Convention.

25X1 8. (Internal Use Only - LLM) In keeping with his request, met with Congressman Edwin Eshleman (R., Pa.) in connection with a former Agency employee now interested in returning to Agency employment. I explained the Agency policy relevant to this case concerning marriage to foreign nationals. Mr. Eshleman gave the individual a strong personal recommendation and explained that he had matured since his resignation from the Agency. [] Office of Personnel, is looking into this case and no correspondence is required at this time.

Mr. Eshleman also said that he had not yet written his newspaper column on the Agency. He said he was glad to see the news media "getting off of our backs" and said that when queried by concerned constituents in his district his standard response is that while he does not know all the details he does know that the Agency does not make policy. He said his attendance at breakfast briefing at the Agency convinced him of this.

9. (Unclassified - LLM) Met with Congressman Howard Pollock (R., Alaska) in connection with his earlier request for a 15" wall plaque with the Agency Seal for display in his office. I explained that while a small number had been made up at one time the supply is now exhausted and there are no plans to produce more. I told him that if we ever did make any more of them we would remember his interests. Mr. Pollock was pleased that we had not forgotten about him and commented on how valuable it had been to him to come out to the Agency for a briefing.
